ABOUT ME

I have been working within the beauty industry for 28 years and enjoy it thoroughly. I started my career at the beautiful Ragdale Hall Health Hydro in Leicestershire where I became a senior therapist.

From here I moved to working on the cruise ships for Steiner Transocean. I was lucky enough to have travelled the world while doing what I love – making people feel special in the custom-made treatments that I delivered.

On my return from 3 contracts on the ships and being spa manager, I started my teaching career. I worked up to manager of the service and retail industries department and acquired other managerial roles within that setting covering quality assurance, teaching and learning mentor, observations champion and others.

After 11 years at the college, it was time to move on again which brings me to launching Beauty Bee. I started up on my own in 2016 and it has gone from strength to strength each year. I opened up a salon and beauty outlets at Moored Golf Range, Withington Baths, Limelight independent living and Manchester University.

I have also been involved in private make-up parties, Jennifer Young training – beauty despite cancer, nail designs on a child's toy, working with patients in hospitals for the My beauty agenda, beauty event management, catwalk shows, TV shows, theatre and short films, voice overs for product ranges and regularly attend beauty shows to ensure I keep up with the latest trends.

I currently have my own beauty product manufacturing company that has won Best New British Beauty Brand and distribute worldwide. Along side this I still keep my hand in the quality systems for 3 colleges in the Northwest and London where I support them with their IQA practices.

I very much look forward to treating you, please get in touch so I can make you feel brand new again.
